1. Using a sheet of paper 8 ½ inches (**or larger**), create a collage of pictures, photos, art, wrappers, tickets, etc. to represent most of the categories in the questionnaire. Do not use anything really valuable that you would feel horrible about losing, since occasionally things do fall off of collages or get damaged, and I don't have collage insurance. Be creative. Be amazing!
2. On a separate sheet of paper, write at least a one-page explanation of why you put what you did into your collage? How does the collage represent you? How might you group your thoughts into different categories? Please use Google Classroom (Google Docs) to submit/turn in your final written document.

This assignment will be marked for creativity, thoroughness, writing and communication skills.
